COMMENTS FROM THE CHIEF ADMINISTRATIVE OFFICER

The 1990s will be a time of challenge and change for organizations involved in the delivery of social services. The economic make-up of our community is undergoing major shifts, and having less monies available to do more service is a reality we are going to have to accept. The campaign short-fall facing the United Way is just one example of the current impact of our changing economy.

Hamilton East Kiwanis is a piece of the fabric that makes up our community, a very important piece. The services we provide touch many families and help many in times of need. The warmest feeling I get is a letter or call that thanks Kiwanis for some form of service we have rendered, and the positive effect it has had on a family we serve.

The range of services continues to grow whether it is kids in the Boys' and Girls' Club, affordable home for families, groceries for seniors, health services at the North End Clinic, support in our Y.O.A. group homes or any other form of service to help someone in our community, we get involved. This coming year will see the completion of a new 155 unit development at King Street and Sanford Avenue and a 47 unit project in Highland Estates in Stoney Creek. We also are assisting a number of other groups develop about 300 units of affordable housing throughout the Hamilton-Wentworth area and further afield.

We are also developing a secure custody, young offenders' facility in Niagara. We were fortunate enough to win the contract to provide this ten-bed facility and expect a summer 1993 opening.

The success of our services is due to a wonderful partnership of board and staff that has nurtured the atmosphere in our organization to step out to meet new challenges. With the completion of our re-organization/consolidation that we started almost four years ago, we should be in a good position to meet the challenges of the future.

William C. Bain

CHAIRMAN'S REPORT

It is a honour to serve as Chairman of the Board of the Hamilton East Kiwanis Boys' and Girls' Club.

Under the leadership of Doug Kay 1991 was a great year. With the help of his Staff, Board Members and Volunteers our Club is now serving more people than ever before. We have increased our programs and are now reaching out into our community helping more and more people.

I would like to thank Doug for the excellent work he put into the Boys' and Girls' Club and wish him success in his new position as Director of Youth Services. We now have a new manager, Glenn Harkness, who I know will continue where Doug left off which is great news for the club.

I would like to thank the staff for their efforts. They are the ones who make the club a great place for the children to come to.

I would also like to thank our Board of Directors for their help in making the Boys' and Girls' Club what it is today and a special thank you to Tim Nolan our Chairperson of our Expansion Committee. Tim is doing a great job in getting our plans put together to make some major improvements to our building.

We all have a lot to look forward to here at 45 Ellis Avenue in 1992 and beyond.

Don Ferrell

DIRECTORS REPORT

I would like to take this opportunity to extend my sincerest appreciation to all staff and volunteers for their extra efforts. The staff reports contained in the Annual Report verify their dedication to meeting the social and recreational needs of all Boys and Girls Club members and our community.

The close of 1991 has provided a base for many changes within the Club and the Kiwanis organization. Under the leadership of Don Ferrell, and with the help of board members like Tim Nolan, Wilf Forde, Barry Crombie and many others, we were able to achieve positive changes in the cosmetics of our building and the development of our programmes. The end result was increased membership and an environment in which all community members may thrive.

As I look forward to 1992, I feel confident that the long-standing values and philosophies that have made the Hamilton East Kiwanis Boys and Girls Club a bench-mark in our community will continue to flourish under the guidance of our new Manager, Glenn Harkness.

I extend my heart felt congratulations to all volunteers, staff and board members for a job well done and look forward to the progression of our Club in the 1990s.

Douglas Kay

TREASURER'S REPORT

"GROW" - To Advance towards maturity; to develop; to become greater in any way.

Webster Dictionary

To talk about the Kiwanis Boys' and Girls' Club and growth is one in the same with the reduced funding and the increased demand, the club continues to grow.

The support of the City of Hamilton, United Way of Burlington, Hamilton-Wentworth and the ongoing assistance of Federal and Provincial grants have allowed for the continued development of the Boys' and Girls' Club.

I look forward to the continued growth and programming development made possible by the commitment and professionalism provided by the club staff.

For a more detailed overview of the financial status of the club please refer to the audited financial statement in this report.

Shirlene Hedden

AUDITOR'S REPORT

*To the Directors of the
Hamilton East Kiwanis Boys' and Girls' Club Inc.*

I have audited the balance sheet of Hamilton East Kiwanis Boys' and Girls' Club Inc. as at December 31, 1991 and the statements of revenue, expenditure and equity and changes in financial position for the year then ended. These financial statements are the responsibility of the organisation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

The revenues of the Hamilton East Kiwanis Boys' and Girls' Club Inc. are derived partially from donations, sponsorships and fees. These revenues, by their nature, are not susceptible to complete verification by audit procedures.

In my opinion, except for the limitations in the scope of my examination referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the organisation as at December 31, 1991 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

AQUATICS

The past year has brought about some pleasant changes to the pool area. The most noticable change has been to the Red Cross Swim Program. Due to a steady growth and increased demand, the Red Cross Preschool Program was introduced in September. We were able to accomodate over one hundred children under the age of five along with the 240 children registered in the regular swim program during the fall session. This continued growth gave us cause to extend lessons into the dinner hour on Tuesday and Thursday as well as on Saturday afternoons.

The March Break program was highlighted by capacity swims and two special events. During one swim gold fish were given out to all the children participating and at another we visited Hawaii and participants were judged on their festive attire.

March Break marked the start of increased participation in open swims which peaked during the summer and continued well into October. This was a pleasant surprise to all the staff, however this led to an increased demand for qualified instructors and lifeguards.

The Boys' and Girls' Club has begun to develop a reputation for quality Aquatic programs and services which draw people from throughout the Region. I would like to take this opportunity to thank my staff for their hard work and dedication to the increased quality of these programs. I know they can be proud of the efforts they have made over the past year. Their support has been greatly appreciated.

Sandra Newton

ATHLETIC REPORT

The past year in athletics witnessed the sophomore year of two highly successful programs.

Once again the Boys' and Girls' Club entered a team in the Hamilton Basketball Association. It is our policy to fund the registration fee for the participants of this program. These boys, aged 13 to 15 years would not be able to participate without our sponsorship due to financial restrictions. Building on the success of last season, the boys were proud to boast a record of six wins, two losses at the Christmas Break.

Our Adult Co-ed Volleyball league also returned for a second highly successful season. During the past two years this league has been instrumental in providing our gym program with exposure among the adults within our community. Sixty men and women, most of whom were not aware of the existence of this facility, put on their Kiwanis Volleyball T Shirt once a week to join the fun. Our new members are eagerly awaiting the return of this league next season.

Our Parent Steering Committee succeeded in improving upon the previous years success in baseball. Over 170 children participated in Kiwanis T-Ball and Three Pitch last year. This viable program was once again able to complete the season with a surplus of funds, while still providing quality, low cost recreation to the children in our community.

Innovative night time programming, such as Remote Control Car Racing have allowed us to keep the "Nintendo Generation" interested in gym activities. In reflection, my staff, volunteers and I look forward to continuing with and building upon the success of last year.

Jeff A. Davis

PARENT-CHILD RESOURCE CENTRE

1991 was an extremely busy year for both the Drop-In and Moms Group programs. I believe the economic climate contributed to the the increase in the attendance of the programs. In particular the Moms Group registrations were so overwhelming we were having a difficult time accomodating everyone, to address this problem we set up an intake procedure to determine who was most in need of this service. The intake process has also assisted staff in developing programs to address individual needs of the clients. In the past year we have noticed many of our clients were on social assistance, accessing food banks and having a difficult time feeding themselves and their children nutritiously. In response to this, we have been providing a large snack consisting of meat, cheese, fruits and juice to both the adults and the children.

During 1991, our drop-in program attracted many informal caregivers and to educate them on child care issues, we have been providing weekly workshops on topics they have suggested. Many parents are placing their children in unlicensed home day care programs therefore, it is important for us to educate and provide resources to these child care providers. In the future we will also be offering evening workshops.

I would like to take this opportunity to thank all of the staff and volunteers for their hard work and dedication.

Daljit Garry

SATELLITE PROGRAMS

The Satellite program is designed for children in different areas of Hamilton to participate in evening recreational programs in school gymnasiums near their homes. The Satellite program also buses children to and from the Boys' and Girls' Club facility.

This program encourages children ages 5 - 12 to participate in diversified programs of sports, games, arts and crafts. Many special events take place to make the satellite program more attractive.

The Satellite programme ran out of the following schools in 1991:

BALLARD	HESS STREET
DR. DAVEY	ROSEDALE
FAIRFIELD	WOODWARD

BEACH STRIP UNIT

The Beach Strip Rescue Unit was an addition to the Satellite program. The Boys' and Girls' Club runs a program out of the unit every Thursday night. It was felt that children/families that live in the Beach Strip area were not being served. There were no recreational programs in that area. The Beach Strip program is run in conjunction with the City of Hamilton.

Glenn Harkness

SENIORS REPORT

1991 was an extremely successful and busy year for the Seniors' Club. We introduced some new programs to our members, these programs are linedancing, bingo, and woodcarving. I would like to thank the instructors and volunteers who have participated in these programs.

This past year we also noticed an increase of formal referrals to our adult day care program. Referrals were received from public health professionals, homecare agencies, and the St. Peter's Day Hospital. These referrals indicated professionals in the community are aware of the services we provide and consider our program to be a quality one that is meeting the needs of the aging population.

Once again, the annual fundraisers were an enormous success despite the gloomy economic climate. The success was made possible by the dedicated staff, volunteers, and donations from local business.

Daljit Garry

SOCIAL AND LEISURE ACTIVITIES

The Hamilton East Kiwanis Boys and Girls Club is open daily afterschool and in the evenings. Afterschool programs run from 3:00 to 5:00 pm and members can participate in whatever room appeals to them. The evening programs run from 6:00 to 8:00 pm for those 12 and under and 8:00 to 10:00 pm for those 13 years and older. During these evening hours children can participate in a number of activities which include arts and crafts, woodworking, ceramics, cooking and free play in both the computer room and gamesroom.

One of our most popular rooms is the computer room. This room has expanded from two video games and one computer to four Nintendo games, two Atari games, one Intellevision game, one Colecovision game and seven computers. Special programs offered throughout the year in the computer room included animation, music studio production, video production and computer programming. Due to the great interest in the room and the abundance of facilities we have outgrown the room.

On Saturdays, members have the opportunity to participate in judo and dance classess. Both programs are running strong.

Teen members of the club also have the opportunity to join a Teen Corp Group. This group helps the younger members of the club by running fundraisers and providing special events. One of our most popular events run by the teens is our monthly dance.

Not only do we provide the members of the club with a variety of programs and activities, but more importantly we provide the members an opportunity to socialize and interact with others. This more than anything else contributes to the success of our programs.

Tracey Mete

SPECIAL PROGRAMS

During 1991 the Club hosted many special programs which were highly attended.

The 1991 March Break program was very popular. The Club was open between 9:00 am and 5:00 pm. The times of operation are very appropriate for working parents. Many special events took place during this week: eg. Jello Wrestling, the making of a Video, Comedians and a Talent Show. Our March Break program is becoming very popular. There is a tremendous amount of children in the facility daily during the week. I salute the staff for the great effort in co-ordinating that amount of children.

Sizzling Summer Day Camp offered four; two week sessions during the school summer holidays. Each year our camp seems to expand in numbers and this year was no different. The Day Camp is now handling 130 children per session (plus 15 per session for our preschool.) The expansion continues to be necessary to accomodate requests. Our Day Camp remained \$65.00 per session, we continue to be the most inexpensive Day Camp in the City. It is the desire of the Hamilton East Kiwanis Boys' and Girls' Club that all children in our community have the opportunity to participate in our program, regardless of his or her financial status. Our program offers Sponsorships or financial aid to families that cannot pay the camp fee. We are able to do this thanks to funding from the Spectator Fund and our own "Send A Kid To Camp" campaign. The Summer Day Camp also offers One-On-One Counselling to children with special needs, and an educational program (Counsellor In Training) for teens.

This was the second year that the Halloween Haunted House expanded to cover the entire gymnasium floor. The Haunted House is the Clubs largest single event of the year. The House was open for two days - October 29 and 30th. We elected not to open Halloween night because of the small turnout. A total of 1780 people came through the Haunted House in the two days. A donation was taken at the door and that money was donated to the United Way. The Club hosted a VIP tour which gave an opportunity for Board of Directors, Donors, Service Club members and their families to view the Haunted House. We are forced to expand the Haunted House so we can safely handle the large crowds.

Once again with a large donation of toys from Doug Lamb (Judo Club) each child received a gift from Santa at our 1991 Christmas Party. The Childrens Christmas Party took place Saturday, December 17th with 300 children in attendance. Thanks to Tim Hortons each child also received a donut and orange drink. The entertainment for the evening was our own dance classes which put on an excellent show.

I would like to commend the 1991 staff and volunteers for their extraordinary efforts in making these Special Programs successful.

Glenn Harkness

The following individuals are recommended for the
Board of Directors for 1992

EXECUTIVE

CHAIRMAN:	Don Ferrell
VICE CHAIRMAN:	Ron Weston
TREASURER:	Dave Llewellyn
SECRETARY:	Wilf Forde
